## 7-Week Astrology / Cosmology

### “Channeling of the Cosmic Energies”

The Houses: *(Executive)*

The Lords of the Houses: *(Legislative)*

The Planets: *(Judicial)*

*w/ Rahsmariah Bey*

Law, Order and Governmental Principles is Religion, based on the movement and energies of the Cosmos (Heavens). This is Divine Law and therein exist Divine Principles. The Raw Energy Force governs Above and Below. “As Above—So Below”. All Law is derived from principles of Divine Law, Nature’s Law. Astrology is the study of the Life force as it channels through the planetary bodies, and affects EVERYTHING on the Earth Plane.

The Cosmic energies are translated in the Mundane, as **LAW** (Length, Angle and Width) of the Energy Force.

#### There are 3 Basic Components to Astrology:

1. the Houses;
2. the Lords of the Houses (Astrology Signs), and
3. the Planets. The Triune Principle exist in all things.

In Government, this translates to *Executive, Legislative* and *Judicial*. When we go against Law, we go against Nature. When we go against Nature, we are in grave violation of Divine Principles.

It is therefore wise to know and recognize Divine Law, even when it is written by Man, and more importantly when it is broken by Man. Law is common to all, therefore there is no, and never can be, a license to ‘practice law.’

Moors Order of The Roundtable

Hse	Lord (Sign)	Description	Polarity	Element	Branch	Planet	
1.	Aries	Self	+	Fire	EXECUTIVE	Mars	Personal Houses
2.	Taurus	Possessions	-	Earth	JUDICIAL	Venus	
3.	Gemini	Intellect	+	Air	LEGISLATIVE	Mercury	
4.	Cancer	Emotions	-	Water	LEGISLATIVE	Moon	
5.	Leo	Creations	+	Fire	EXECUTIVE	Sun	
6.	Virgo	Serving	-	Earth	JUDICIAL	Mercury	
7.	Libra	Partnering	+	Air	LEGISLATIVE	Venus	Social Houses Begin
8.	Scorpio	Desires	-	Water	LEGISLATIVE	Pluto	
9.	Sagittarius	Aspirations	+	Fire	EXECUTIVE	Jupiter	
10.	Capricorn	Social Status	-	Earth	JUDICIAL	Saturn	
11.	Aquarius	Society (at Large)	+	Air	LEGISLATIVE	Uranus	
12.	Pisces	Religion (Beliefs Initiation)	-	Water	LEGISLATIVE	Neptune	

You will notice that the Legislative energies are always the Air and Water, as the Legislation is broken up into two, Congress and Senate, so is the energies of Air and Water. Air is 75% Air, 25% Water, and Water is 75% Water and 25% Air. Air and Water are the same, they are interchangeable, and they fuel or feed. The Fire and Earth element is 100% of itself and they consume the Air and Water. On the wheel (as a lesson), Fire sits next to Water waiting for it to change into Air so that it can fuel the Fire, and Earth sits next to Air, waiting for it to change into Water so that it can feed the Earth.

## **There are only Two Courts: Civil and Criminal.**

**The First 6 houses are the Personal Houses**, where Civil Liberties rest, in Nature, your Rights of Birth, Sovereignty. They are broken down as Personal Independent and Personal Subjective Houses — your Reasoning and your Puberty Stage.

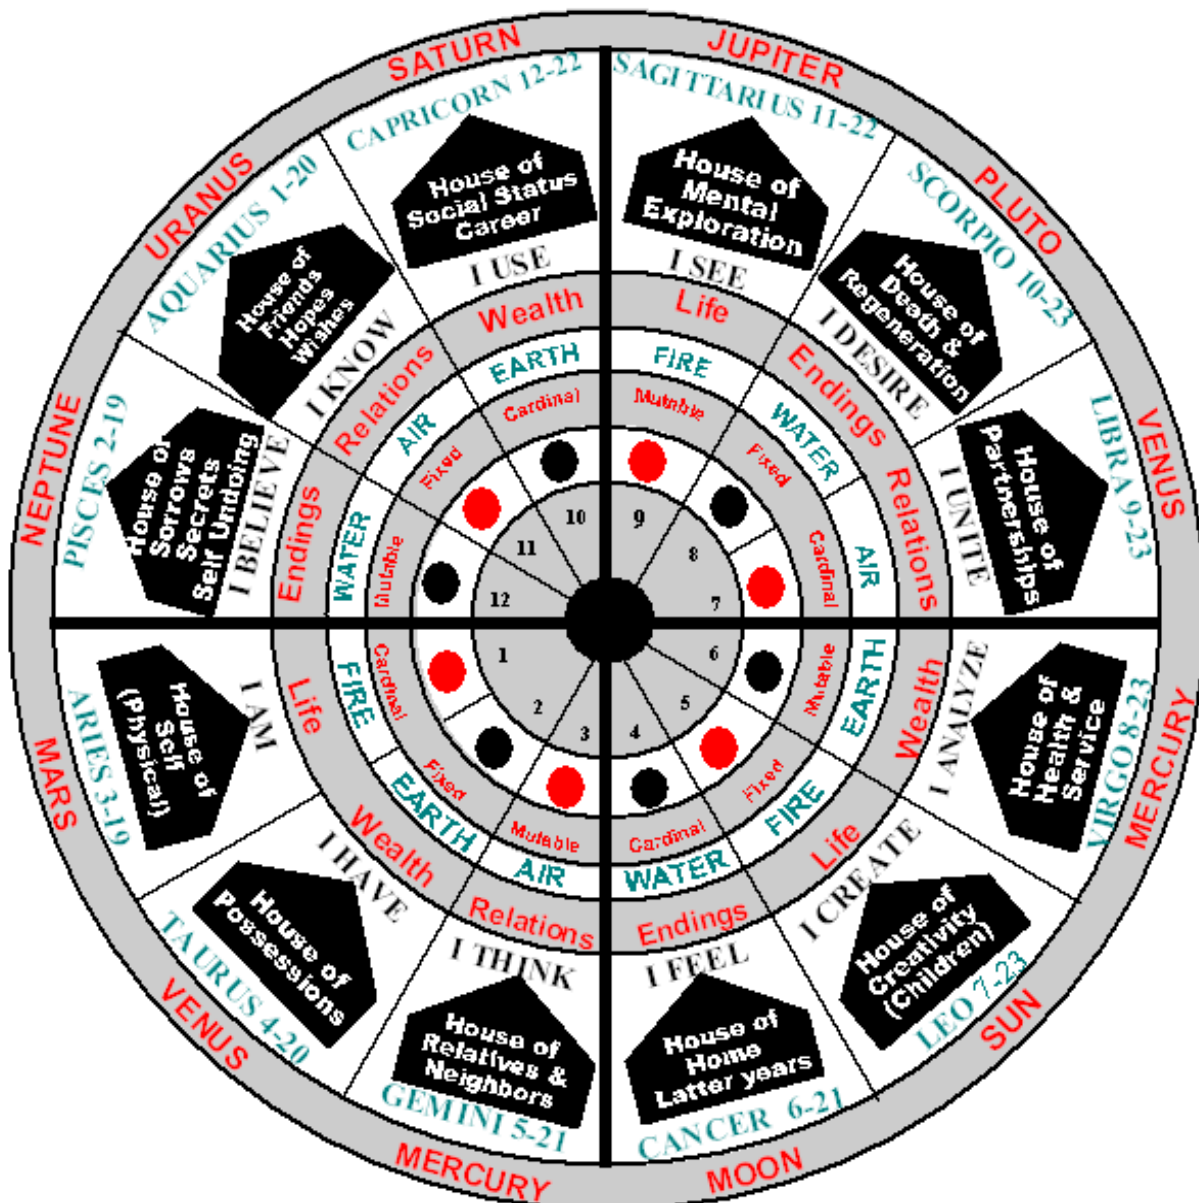

**The Second 6 Houses are the Social Houses**, where Criminal Violations rest. They are where people incriminate themselves to others and society. These are broken into the Social Dependent and Social Objective Houses — your **Maturity** and **Wisdom** Stage.

It is not to imply that Criminal and Civil violations or acts do not cross each other, but to say the concept and nature of the two are taken from personal (civil) and criminal (social).

**We as a People, in order to Uplift Fallen Humanity** and bring ourselves back to the Constitutional Fold of Government, must make the distinction between Law, True and Divine, and Color Of Law (a semblance, yet not real). Divine Law is where common Law is derived, and consequently Mans' Law or Man's Ordinances and Statutes, which are usually in violation of the Divine Principles of All Law (Allah), and can

only sit in stagnation, or serve to stagnate natural movement and cohesiveness. It is erected from the coldness of Saturn's discipline and through the eyes of those who have little capability of being able to congregate with nature.

**Therefore we strive to share,** and impress upon you the dire need to know and exercise your Rights of Birth, and, to recognize when those in the seats of Power are faking the Truth, and violating Divine Law, thus violating you and your children. This is the only way We, the People can make necessary adjustments to teach our children, to make a better society in which they live, and in which you will probably re-incarnate in over and over, until you get the lessons and figure out how to get off the fickled wheel of fate. Once getting "off the wheel" you would become ONE with the All. Would you then have no where to go, and nothing to learn? The All Seeing Eye is watching and waiting because there *are* places to go, yet you cannot travel there (safely) until you know how to operate. We must know the Fundamentals of Astro-logics. Otherwise you may crash and burn, like a "falling Star" , or, be devoured by the fright of your own thoughts.

**The main focus** of each season of the Yearly cycle on the earth plane, is the Fixed sign in the middle of each season. (*Ezekiel's Wheel*).

The other signs are helpers or decans (deacons) to them. As with the Science of "3", they are necessary to bring in the season, and bring out the Season.

The Cardinal Signs bring in the Season, and the Mutable or Flexible, (also known as common), bring out the season. They are likened to the *Seraphim* and the *Cherubim*, both of Hierarchy, one of somewhat lessor degree or strength.

Many people confuse the Houses and the signs of the houses as being the same. Meaning if you said the 5th house, they think that is Leo, when it is the House that Leo governs.

When the Astrology signs are in the Houses they Rule when you are born, it means your "**House is in Order**". You are a person who inherently knows a little bit about everything. You have to concern yourself with the location of the planets and the effects (aspects) they bring to the particular House, or facet of your life they are in.

*"May the Force be with You", and your life be Led with Power (Direction).*

*.. But man will regain his lost estate, his heritage; but he must do it in a conflict that cannot be told in words. Yea, he must suffer trials and temptations manifold; but let him know that **cherubim** and **seraphim** that rule the **stations of the sun** and spirit of the mighty Allah who rule the **solar stars** are his **protectors and his guide**, and they will lead to victory. Man will be fully saved, redeemed, perfected by the things he suffers on the plane of flesh, and on the plane of soul. When man has **conquered carnal things** his garb of flesh will then have served its purpose well and it will fall; will be no more.*
