Self Assessment Nationality Card Test #2—2012

Attribute: _____ Date: _____

Mailing Location: _____

Email / Phone: _____

In accord with the Laws of Nations and reflective of National principles demonstrative of basic civilization competency, all active Moorish Americans have a social and civic duty and responsibility to enforce the Al Moroccan (American) Constitution, adopted for the United States of North America Republic. They, like all true American citizens, are responsibly bound to familiarize themselves with the Supreme Law of the Land. And to promote those acts, studies, and principles that contribute to the uplifting of fallen humanity—fostering the fundamental respect for right—law government.

The following are words, terms and facts, etc., related to jurisprudence and to organized bodies politic. These, among others, affect (positively or negatively) the natural people of the Land on a daily basis. Your Self—Assessment in this Test may be used to gauge you degree of studious acumen and preparedness for taking your places among the affairs of men. Give the proper definitions to the following:
